You want to see what happens in your Reflow Process?

The solution: Reflow Inline Video Camera HiCam 3 – the world's only camera system for video recordings during the soldering process.

To be seen at our booth at

SMTconnect in Nuremberg, Hall 4A, booth 115

You are cordially invited to a presentation.

What else can be seen?

- Manual and automatic systems from rossmann automation for packaging of components, e.g. in tapes
- Place-N-Bond Underfilm from Altemated – the alternative to underfill – no need for additional equipment or additional processes
- In-System Programmer from SMH – fast and universal, for all component manufacturers
- Slimline and Mediumline Label Feeder "Made in Germany" – only 30mm or 45mm wide – for precise automatic feeding of labels, Die Cut and functional parts
- **New:** Label feeder for Panasonic pick and place systems
- Feeding systems for all cases – standard or customized – you have the challenge, we have the solution
- Everything from a single source for marking of your products: Labels, label feeders, label cells, laser cells – let's find the right solution for you

And furthermore in our portfolio: Systems for Depaneling, Thermal and Optical Bonding and and ...

You need a ticket? Contact us, we will be happy to send you a voucher.
